COURSES DESCRIPTION – ‘LEVEL 1’

****COURSES ARE OFFERED IN BOTH FRENCH AND ENGLISH***

☐ ***Christ in the Synoptic Gospels***

(For new registrants)

An Introductory study of our Lord's life and times according to the Gospels of Matthew, Mark, and Luke. It examines the historical setting, His life between the Annunciation and the Ascension, and His message and method, including His parables and miracles. Organized around three themes – **1)** the world, **2)** the Man, and **3)** the message – this introduction helps to fuse our understanding of His life and work with our commitment to live by the values He taught and demonstrated.

☐ ***Introduction to Hermeneutics: How to Interpret the Bible***

(For those who have already taken the above course)

An introductory course on the principles for interpreting Scripture. It summarizes the need for hermeneutical principles, and explores the qualifications, tools, and goals of a biblical interpreter. This is followed by a historical survey of hermeneutics from early Jewish interpreters to the present. The course includes a unit on the general and specific principles for interpreting the Bible, a unit on genres, and a unit on applying the principles. Students develop their skills by practicing the principles in the provided exercises.

☐ ***New Testament Survey***

(For those who have already taken the above courses)

A survey course giving the student background for understanding, teaching, and applying the principles of the New Testament. Key facts from each book of the New Testament are highlighted in a manner that can be used in preaching and teaching.

☐ ***Old Testament Survey***

(For those who have already taken the above courses)

A practical approach to the Old Testament that gives students material they can use in teaching and preaching. It covers significant details from every book in the Old Testament in an inspirational yet informative manner.

☐ ***A Spirit-Empowered Church: An Act 2 Ministry Model***

(For those who have already taken the above courses)

A Biblical, comprehensive, and strategic plan requires the empowerment of the Spirit to produce spiritual fruit and a flourishing church. The strategic plan is based on Acts 2 and focuses on developing Spirit-Empowered disciples who will be involved in the five functions found there: connect, grow, serve, go, and worship. Assessment tools are used to identify areas where changes are needed, and the strategic plan is used to focus on God's vision for each local church.

☐ ***Relationship and Ethics in Ministry***

☐ *(For those who have already taken the above courses)*

A biblical approach to the relationships that are important to the minister both personally and professionally. It looks at temperament theory and its relevance to human relations. This course examines relationships and ethics in view of the minister's personal growth, ministry challenges, people in the community, and other ministers.

☐ ***Beginning Ministerial Internship***

☐ *(for those who have already taken all other courses)*

Ministry requires more than knowledge; it demands action. In this first internship, students will demonstrate ministerial competencies, defined as “the proven ability to apply knowledge and skills effectively in ministry.” Students will develop foundational skills in 39 key areas, covering ministerial duties, church administration, sacerdotal functions, intra-and extra-church relationships, and personal disciplines. This course lays the groundwork for intermediate and advanced internships.
